

Greater Romeo-Washington Chamber of Commerce Insurance Resource Guide

Employers and employees, who are concerned about the costs and level of health insurance benefits and services, can rely on the Greater Romeo-Washington Chamber of Commerce in partnership with the Southeast Michigan Chamber Alliance to provide those benefits and services while helping to keep costs down. The Chamber offers this group health insurance program to its members to help the “small” employer or sole proprietor gain access to large group type plans and rates. This often makes obtaining health insurance an option where none may have been available.

The benefits of this Insurance Program are:

- A full range of insurance options to choose from depending on their needs.
- All plans are “group discounted”, helping you and your business to keep the costs of offering a high quality employee benefit program as low as possible.
- Professional administration that works as your employee benefits department.
- The administrative functions of this health insurance program will be handled by Detroit Regional Chamber of Commerce.

To be eligible for enrollment into the health insurance plan through the Chamber of Commerce, a person or business must be a current member of the Chamber. Please call the Chamber at 586-752-4436 to obtain your Chamber Authorization Form that must accompany the group application

To obtain detailed information on the plans available, please contact these Chamber Member Insurance Carriers:
